Mariner Link Chain | Italian Gucci Style link Chain

The Mariner chain was originally designed in Italy and was inspired by the large chains used to anchor Yachts to the sea floor on the Italian Coast. The chain design was used because of its unique oval structure with vertical center support that could hold large amount of weight in comparison with the size of the chain.

E Diamond provides supreme Quality Mariner Link Chains with high Quality hand made Links*, in addition you will receive the benefit of High Quality Craftsmanship with Precision Welding, Filing and Chain finish all done by hand.

The 1-5 mm Chains are machine made and 6mm and above chains are hand made in the USA. The 7mm Chains and above are an average size width chain that is purchased by Men, while the Women tend to purchase the 4mm width chain and below. Your Choice of Solid or Hollow Gold Design.
